Subject: Rules Corona children and parents  
Version: 2.0

The European School Bergen follows the advice and guidelines of the WHO with respect to version 1 (sent 28 August 2020) adjustments have been made in the text for primary children and in the part what if a COVID-19 test is positive.

What are the Covid-19 symptoms?

Symptoms of Covid-19 include:

- x Coldlike symptoms
  - o A stuffy nose
  - o A runny nose
  - o Sneezing
  - o A sore throat

x

- x If someone in the family or you live with has been diagnosed with Covid-19, the other family members need to go into quarantine for 10 days after the last unprotected contact with the Covid-19 diagnosed family member. After 10 days, if no one else has symptoms, your child can go back to school.

What if my child shows symptoms of Covid-19 at school?

- x Pupils who show Covid-19 symptoms visit the school nurse. We have the following procedure in place:
  - o The class teacher calls the nurse; the nurse will pick up the child from class.
  - o The nurse assesses the child on the symptoms of Covid-19.
  - o The nurse evaluates whether the child needs to be sent home and contacts parents / guardians in that case.
  - o The nurse informs the class teacher and deputy that the child is going to be picked up by the parents / guardian.
  - o Parents who come to school report to security at the main gate (head entrance) security will call the nurse that the parent / guardian is present.
  - o The child will wait for pickup in a seating section just outside the nurse's station.
  - o The nurse will accompany the child to the main gate when the parent / guardian has arrived.

What if a teacher or a member of staff shows symptoms of Covid-19?

- x The teacher stays at home when he/she has mild-to-medium symptoms, such as a sore throat, a runny nose, sneezing, cough or a fever above 38 degrees
  - x The teacher stays at home when he / she or anyone in the family has a fever above 38
